

Know How Much Your Prescriptions Cost *Before* You Get to the Pharmacy

Generic drugs are not always the lowest-cost prescription medication available. So how do you know if you are getting the best option? Navitus has the tools to help.

Use the Cost Compare tool in Navitus' secure member portal

Check your formulary for covered medications

Ask your prescriber to check Navitus' prescriber portal

Navitus makes it easy to find the lowest-cost prescription medication *before* you get to the pharmacy. Get all the information you need to help you save time and money, so you can be on your way to better health.

- ▶ **Use the Cost Compare tool in Navitus' secure member portal.*** The tool is easy to use, and will help you see what medications are covered by your plan and at what cost.
- ▶ **Check your formulary to find out if your medication is covered and under which tier.** Depending on your plan, Tier 1 medications are often the lowest cost option.
- ▶ **Ask your prescriber to find your formulary using Navitus' prescriber portal.** Your prescriber can help you review the covered medications to determine the lowest cost option for you.

Visit www.navitus.com or your plan's website for more information and access to these tools.

*This portal is for active members only. Available features may vary by plan. Your out-of-pocket cost may vary based on drug costs, plan design and contracts.
