

# CALIFORNIA BILINGUAL AUTHORIZATION (MANDARIN OR SPANISH)

## BECOME A BILINGUAL EDUCATOR IN JUST TWO COURSES

California's recent Bilingual Authorization Program Standards and Bilingual Teaching Performance Expectations initiative is creating a growing demand for teachers who can support students in multiple languages. Become an effective bilingual educator in California schools, not only meeting the linguistic needs of students, but also contributing to the creation of multilingual school environments that celebrate diversity and create a sense of belonging.

Bilingual educators who already hold a California Teaching Credential\* and would like to add an authorization in either **Spanish or Mandarin** can do so in just two courses. **Upon completion, you can apply to be recommended to the Commission on Teacher Credentialing (CTC) for the authorization.\*\***

**■ 100% Online & Flexible:**

A degree program that aligns with your current work and life schedule.

**■ Integrated Fieldwork:** Includes

20 hours of fieldwork embedded in the courses — no outside residency required.
